

I Feel It

by Roland Albertson

And I've been waiting for something like this, all my life
Just this moment for me to thank you, for all the times
'Cos it's just one more night under moonlight
Baby at my side, you here with me now
To make it
One last dance in the lime light
Baby it feels right, you here with me now
To make it
To make it

And I've been thinking maybe, that we could take our time
Because I've been drifting down this road, and I can't say it's right
'Cos it's just one more night under moonlight
Baby at my side, you here with me now
To make it
One last dance in the lime light
Baby it feels right, you here with me now
To make it
To make it

'Cos you're all I need
All I see
All of me that the world can't see
And I believe
Yes I can see
That your love is what really helped me

To make it one more night under moonlight
Baby at my side, you here with me now
To make it

One last dance in the lime light
Baby it feels right, you here with me now
To make it
To make it

I feel it
Yes I feel it
I feel it
Oh can you feel it?
I feel it
Yes I feel it
I feel it
Oh can you feel it?
Yes I feel it
Yes I feel it
I feel it
Oh can you feel it?
I feel it
Yes I feel it
I feel it
Oh can you feel it?
