

Million Years

by Roland Albertson

For a million years
I wanna hold you,
Like I can't lose you
Wanna keep you forever
Do you,
Wanna stay with me now forever
Let's make it together

For a million years
I wanna hold you,
Like I can't lose you
Wanna keep you forever
Do you,
Wanna stay with me now forever
Let's make it together

Yes I can see you now
Lying on the ground
Records all around
Soaking up the sound
Now, can you feel it?
And I know somehow
That we are both soul-bound
Connected at the heart
Oh, can you feel it?

And somethin'
Inside me says you're not comin'
Around just for my sweet lovin'
But I gotta tell you somethin'

About oh the way I'm feelin'
When I feel your a beatin'
There's something inside me healin'
Yes I wanna hold you close

For a million years
I wanna hold you,
Like I can't lose you
Wanna keep you forever
Do you,
Wanna stay with me now forever
Let's make it together

For a million years
Yes, I wanna hold you,
Like I can't lose you
Wanna keep you forever
Do you,
Wanna stay with me now forever
Let's make it together

And now you're by my side
Like we've done many times
You look into my eyes
But now I cannot hide
Oh, can you see it?
And knowingly you smile
As we lose track of time
You're pulling at my heart
Oh, can you feel it?

And somethin'
Inside me says you're not comin'

Around just for my sweet lovin'
But I gotta tell you somethin'
About oh the way I'm feelin'
When I feel your a beatin'
There's something inside me healin'
Yes I wanna hold you close

For a million years
I wanna hold you,
Like I can't lose you
Wanna keep you forever
Do you,
Wanna stay with me now forever
Let's make it together

For a million years
Yes, I wanna hold you,
Like I can't lose you
Wanna keep you forever
Do you,
Wanna stay with me now forever
Let's make it together

Now we all want this feeling
When you take my breath away
Now, I can't believe it,
You feel the same way

And somethin'
Inside me says you're not comin'
Around just for my sweet lovin'
But I gotta tell you somethin'
About oh the way I'm feelin'

When I feel your a beatin'
There's something inside me healin'
Yes I wanna hold you close

For a million years
I wanna hold you,
Like I can't lose you
Wanna keep you forever
Do you,
Wanna stay with me now forever
Let's make it together

For a million years
Yes, I wanna hold you,
Like I can't lose you
Wanna keep you forever
Do you,
Wanna stay with me now forever
Let's make it together

For a million years
For a million years
